• IIS installation will start

Note: Make sure you inserted Windows 2K3 CD \ DVD into disk. Or you have the copy of Windows 2K3 setup in your harddisk.

• Once the installation gets completed you will be shown with the window below.

Windows Components Wizard		X
	Completing the Windows Components Wizard You have successfully completed the Windows Components Wizard.	
	To close this wizard, click Finish.	
	< Back Finish	Help

That's all you have installed IIS in your machine. To verify the IIS installation proceed the below steps.

• Go to Start \rightarrow Administrative Tools \rightarrow Internet Information Services (IIS) Manager

• IIS manager will be opened as shown below, make sure the default website exists.
